

NHS January Meeting

Old Business:

December's Blood Drive:

We registered only 58 donor, had 43 successful and collected 49 lifesaving units of blood. We had 12 first time donors

We had quite a low turnout this time in those registered and therefore collected. Last year we collected 79 units with 93 registered. Next drive is in March.

Brainstorm ways to make this more a successful act of service as it has been historically.

Parking Spots raffle:

Raised approximately \$100

Gold Hour's Sheets:

Hand back today.

Still have a few members who have not turned these in to be checked over. All hours are before March 29th. Highly suggested to have them completed by March meeting! (obvious exception is the spring highway clean up) The dates for that clean up are Saturday April 13 and then a week day sometime between the 15th and 18th.
